

# A Proposed Association Between Migraine and Meniere's Disease

Brooke Sarna, BS<sup>1</sup>; Mehdi Abouzari, MD, PhD<sup>2</sup>; Monica Trent, BS<sup>2</sup>; Khodayar Goshtasbi, BS<sup>2</sup>;  
Ethan Muhonen, MD<sup>2</sup>; Harrison W. Lin, MD<sup>2</sup>; Hamid R. Djalilian, MD<sup>2,3</sup>

University of Miami<sup>1</sup>; Department of Otolaryngology<sup>2</sup> and Biomedical Engineering<sup>3</sup>, University of California, Irvine

**MENIERE'S DISEASE AND MIGRAINE INNER EAR DISORDER MAY EXIST ON A CONTINUUM RATHER THAN AS SEPARATE DISORDERS. THROUGH FURTHER EXPLORATION OF THE ASSOCIATION BETWEEN MENIERE'S DISEASE AND MIGRAINE, IT MAY BE POSSIBLE TO FIND MORE EFFECTIVE TREATMENTS AND MANAGEMENT TECHNIQUES FOR BOTH CONDITIONS.**
